That's a son of a gun of a cloud. Go out on a limb - that's where the fruit is.

We'll have a super time. We don't really know where this goes - and I'm not sure we really care. Just a happy little shadow that lives in there. The more we do this - the more it will do good things to our heart. This is where you take out all your hostilities and frustrations. It's better than kicking the puppy dog around and all that so. Let your imagination be your guide. If it's not what you want - stop and change it. Don't just keep going and expect it will get better. These little son of a guns hide in your brush and you just have to push them out. Don't fiddle with it all day. You create the dream - then you bring it into your world. Brown is such a nice color. You got your heavy coat out yet? It's getting colder. Pretend you're water. Just floating without any effort.

Having a good day. Put light against light - you have nothing. Put dark against dark - you have nothing. It's the contrast of light and dark that each give the other one meaning. Now, we're going to fluff this cloud. Trees grow however makes them happy. Those great big fluffy clouds.

A Little Bit of Vandyke Brown And a Little Touch of Yellow If You’ve Been in Alaska

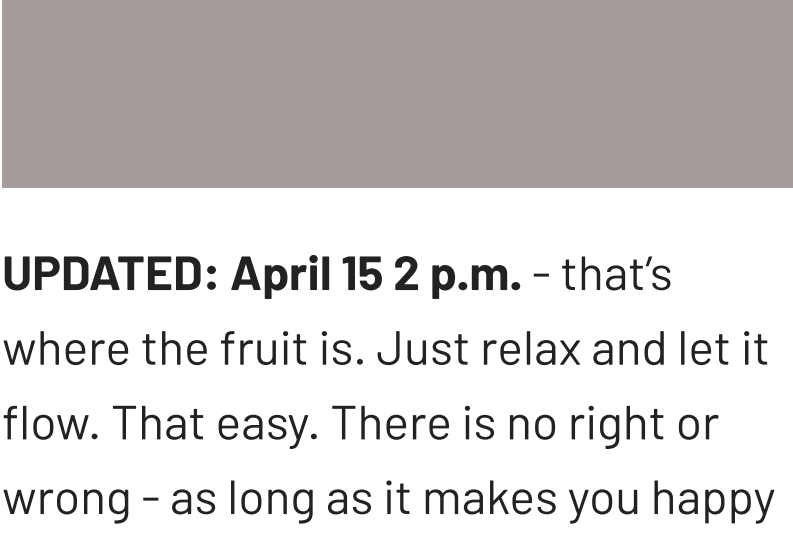

UPDATED: April 15 2 p.m. – that’s where the fruit is. Just relax and let it flow. That easy. There is no right or wrong – as long as it makes you happy and doesn’t hurt anyone. The only prerequisite is that it makes you happy. If it makes you happy then it’s good. Now then, let’s play. Sometimes you learn more from your mistakes than you do from your masterpieces.
